

3G, 4G & 5G Cellular Solution

Components, Antennas,
Module and full System Solution,
for DAS, Base station
and more...

5G

Ultra-resolution and High-Power RADAR

Extended Military RF Products,
Components and Modules

Satellite Communication

Modules, components
and Antennas

For more details, please contact:
Nissim Benbenisty, IMS distributor
054-4585701 • nissim@stec.co.il
Hanofar 2, RAANANA

Components, modules & full system solutions for: Cellular 5G, Radars, Drones, Missiles, Air fighters and any other wireless or Microwave demand

Passive product

IMS Passive products supports all frequency range up to 40GHz.

Multi-band Filter

Proven 2 to 14-Plexer and technology up to 24 Plexer

Military RF System

X / Ku / Ka band BPF, BSF & Waveguide

Installation Device

2X2 / 4X4 Hybrid Combiner,
Directional Coupler, Dividers & RF cables

Antennas

Tracking, Multipole or Directional Antennas
Missiles and Air fighters ANT

Active products

IMS Active products supports L-Band, S-Band, C-Band, X-Band, KU- Band & Ka-Band.

- Full RU system for 28GHz cellular 5G service
- Low & high Power Switch Module
- LNA (Low Noise Amp)
- HPA (High Power Amp)
- SSPA (Solid State Power Amplifier) for high Freq
- LNB / PLNB
- Broadband & IF Transceiver
- Frequency Synthesizer / Local Oscillator
- BUC & BDC
- SAT Repeater and other SAT modules
- Military advanced Radar solutions
